

Caterpillar

Egg on a leaf and who's inside?
Up comes the sun and the egg opens wide.
Caterpillar, Caterpillar, crawl along,
Caterpillar, Caterpillar, what is wrong?
Caterpillar has an empty tum,
He needs food, let's find him some!
Caterpillar, Caterpillar, munch, munch, munch!
Eating leaves for a tasty lunch!
Caterpillar, Caterpillar, creep, creep, creep!
Caterpillar, Caterpillar, go to sleep!
Works all night by the light of the moon,
Making a snug caterpillar cocoon.
Time to say caterpillar goodbye,
Caterpillar changes to a butterfly!
